

# Kansas City International Airport awards 5-year contract to Linc Facility Services

## PROJECT DETAILS:

Kansas City International Airport (MCI), Kansas City, Missouri, recently awarded a 5-year facility maintenance contract to Linc Facility Services. The contract begins on May 1 and includes two one-year renewal options. Thirteen full-time Linc personnel will provide preventive and corrective maintenance to all passenger boarding bridges and inbound/outbound baggage systems in 3 terminals. Covering 11,000 acres and serving 10 million passengers in 2005, Kansas City International Airport is a major regional aviation hub and one of the largest airfields in the US.

## ABOUT LINC:

Linc Facility Services delivers high-value facility services to a diverse range of corporate, institutional, and government clients throughout the U.S. and around the world. Linc and its subsidiaries provide differentiated and innovative facility management solutions that drive quality, efficiency, and a reliable means to superior results. Linc's "partners in productivity" slogan reflects its ability to deliver solutions that enable its clients, from airports and military installations to financial institutions and manufacturing plants, to save valuable time and money and operate at their highest levels of performance.
