FOR IMMEDIATE RELEASE

LINC FACILITY SERVICES FAMILY OF COMPANIES ACQUIRES FERGUSON-WILLIAMS

Deal further enhances LFS federal government expertise and augments its service offering

Houston, TX — November 6, 2006 — Linc Facility Services, LLC (LFS) and its family of companies has purchased Ferguson-Williams, LLC, a well-known provider of facility operations and maintenance services to the federal government. LFS will leverage Ferguson-Williams' solid reputation and expertise in waterway, dam, and port management to better serve its customers in the federal market, as well as expand its overall international facility management footprint. LFS is a business unit of The Linc Group, LLC.

Ferguson-Williams was founded in Huntsville, Alabama in 1969 to provide services at nearby Redstone arsenal. The company established itself by providing exceptional grounds maintenance and soon expanded its offerings to include facility operations and maintenance with the U.S. Army Corps of Engineers. The company currently provides base operations services, operations and maintenance, logistics support services, and administrative support for the U.S. Army, U.S. Navy, as well as the Corps of Engineers.

“We are very pleased to welcome Ferguson-Williams to the LFS portfolio,” said Phil Rogers, president and CEO of LFS. “With its exceptional government industry expertise and proven ability to deliver superior facility management service to its customers, Ferguson-Williams is an ideal complement to LFS’ existing service offering. The combination of our core strengths will benefit our customers and provide exciting new growth opportunities for the company.”

The new acquisition will retain its name but be branded as “A Linc Facility Services Company” and will join recent LFS acquisition BMAR as an integral part of the company’s government division. Owner Mike Ferguson will assume the responsibilities of BMAR Vice President of Government Operations as well as continue to serve as president of Ferguson-Williams.

“LFS is a leader in the industry and it’s exciting to become part of such a professional and quality organization,” said Mike Ferguson, president of Ferguson-Williams. “Over more than 35 years, we have earned a solid reputation for integrity, service, and reliability and are proud to bring these strengths to LFS and to add value to its government customer base.”

About Ferguson-Williams

Ferguson-Williams is headquartered in Huntsville, Alabama. Their mission is to be fiscally responsible and provide technically competent government contracting leading to steady, controlled corporate growth. The company has completed more than 230 support contracts — and has been consistently recognized by its customers for outstanding performance. Visit www.ferguson-williams.com for more information.

About Linc Facility Services

Headquartered in Houston, Texas, LFS is a business-to-business productivity partner and a leader in technology and high-value facility services. Since 1979, LFS has been delivering services to a diverse range of corporate, institutional, and government clients throughout the United States and around the world. Through a network of regional offices, LFS and its subsidiaries provide differentiated and innovative facility management solutions that drive quality, efficiency, and a reliable means to superior results. As a “partner in productivity” LFS’ goal is to deliver solutions that enable its clients, from airports and military installations to financial institutions and manufacturing plants, to save valuable time and money and operate at their highest levels of performance.
