Linc Awarded Westinghouse Contract – 2

This contract begins a partnership between two companies with local presence in the Pittsburgh area.

Linc is a national service provider with strong regional networks that serve customers like Westinghouse with multiple mission critical facilities in key metropolitan areas. According to Linc's President and CEO, Phil Rogers "Linc is excited to be in this new and expanding relationship with Westinghouse; not just as a service provider but as a partner who shares the same goals. Linc is committed to providing unparalleled service and customized solutions that will enable Westinghouse's operating environments to achieve their highest levels of efficiency."

About Westinghouse Electric Company

Westinghouse Electric Company provides fuel, services, technology, plant design, and equipment to utility and industrial customers in the worldwide commercial nuclear electric power industry.

Westinghouse is headquartered in Monroeville, PA and has operations in twelve states and fourteen countries, with annual sales of approximately \$1.8 billion. Today's Westinghouse continues to find innovative ways of applying nuclear power technology for the advancement of the world's economies.

About Linc Facility Services

Headquartered in Houston, Texas, Linc is a business-to-business productivity partner and a leader in technology and high-value facility services. Since 1979, Linc has been delivering services to a diverse range of corporate, institutional, and government clients throughout the United States and around the world. Through a network of regional offices, Linc and its subsidiaries provide differentiated and innovative facility management solutions that drive quality, efficiency, and a reliable means to superior results. As a "partner in productivity" Linc's goal is to deliver solutions that enable its clients, from airports and military installations to financial institutions and manufacturing plants, to save valuable time and money and operate at their highest levels of performance.
