

# Linc Facility Services and San Francisco Giants In a League of Their Own

Linc Facility Services delivers high-value facility services to a diverse range of corporate, institutional, healthcare, aviation, sports facilities and government clients throughout the U.S. and around the world. Linc and its subsidiaries provide customized and innovative facility management solutions that drive quality, efficiency, and a reliable means to superior results. Linc's "Solutions Delivered." brand promise reflects its ability to deliver solutions that enable its clients, from airports, hospitals, and military installations to financial institutions and manufacturing plants, to save valuable time and money and operate at their highest levels of performance.

Linc Facility Services, a premier provider of integrated facilities management, and the San Francisco Giants, one of the oldest and most respected Major League Baseball teams, have "hit it out of the ballpark" at AT&T Park in San Francisco.

Linc Facility Services and the San Francisco Giants are proud to announce that AT&T Park is the first Major League Baseball ballpark to earn the U.S. Green Building Council [USGBC] LEED® Silver Certification for an Existing Building, which serves as the benchmark for all other sports venues.

This certification recognizes the efforts of Linc and the San Francisco Giants to achieve sustainability and efficiencies at AT&T Park in the areas of water and energy efficiency, recycled materials and resources, improved indoor and outdoor environmental quality, and alternative transportation. To achieve LEED® Silver certification, buildings must meet all prerequisites in the LEED® for Existing Buildings: Operations & Maintenance (O&M) rating systems. The goal of LEED® for Existing Buildings: O&M is to help owners improve and operate their buildings in a sustainable and efficient manner.
